Graduate Placement Rates.

The Graduate Placement Rate is the number of students obtaining full time (at least 32 hours per week) and non-temporary employment in the field of study during the latest two calendar years for which the school has obtained verification, divided by the number of all students graduating from the program during the latest two calendar years. The graduate placement rate shall be determined within 180 days from the end of each calendar year. We are unable to obtain verification of the hours a graduate works per week as some are independent contractors who work in a salon, may work in a mobile salon or work variety of hours every week.

The Cosmetology Apprenticeship Program requires job placement during the program. Upon graduation Consequently all of our students are placed at 100%. However there is currently not reliability on follow-up placement surveys.

Massachusetts Cosmetology Placement Rate = 0 % Massachusetts Manicure Placement Rate = 0 %

Employment Statistics. Employment statistics substantiating these placement rates are available for inspection on request. Please feel free to ask questions. We have done our best to provide you with information the Commonwealth of Massachusetts would like you to know. If we have not provided you information, we will do our best to obtain the information for you. Remember to do all of this before you enrollment.
